Showcasing our Lotus Partners

Ardexus Inc.

Ardexus Inc. specializes in the successful implementation of CRM (customer relationship management) solutions leveraging Lotus Notes and Domino infrastructure. Ardexus is the provider of both Ardexus MODE Lotus Notes CRM and Ardexus WebMODE browser-based CRM. Both solutions feature seamless integration with Ardexus MODE for BlackBerry mobile CRM. Because Ardexus products are highly configurable, our customers are able to achieve CRM solutions that satisfy their unique business processes. When extended through MODE for BlackBerry, Ardexus CRM is the ideal companion both in-office and on the road.

Ardexus MODE (Lotus Notes CRM)

- Marketing
- Sales
- Service
- Reporting
- Sales Cycle Manager
- ERP integration

Ardexus WebMODE (Web-based CRM)

- host locally or securely "in the cloud"
- full offline functionality

MODE for BlackBerry (Mobile CRM)

- seamless integration
- automated deployment

701 Evans Avenue
Suite 601
Toronto, Ontario M9C 1A3

• Cross Country Lotus User Group Meeting

The Cross Country Lotus User Group is an organization consisting of Lotus customers across Canada and the Caribbean. The objective of this group is to provide a place where Lotus professionals, administrators, developers, users, business partners, and IBMers can meet to share their experiences, learn new information, improve technical skills and take part in the Lotus Collaboration Community. The meetings will be held simultaneously across several cities but also regionally.

Date: Friday Thursday April 23 – (save the date)

Venue: stay tuned for more details

• Websphere Portal Proof of Technology

This Proof of Technology (POT) offering is designed to demonstrate the exceptional user experience provided by Websphere Portal software with a focus on business value and solutions, and th exciting new web 2.0 features it enables and leverages. Additional focus areas include administration, infrastructure, and development topics. Participants will receive a hands-on experience of the product as well as the integration capabilities found in the Websphere Portal Product family.

Date: Thursday April 6,7,8, 9:00 am – 5:00 pm

Venue: IBM Canada
